ANSWER THE ALARM!

Norway People Should not Delay.
If your kidneys are inflamed,
Don't stand around and do nothing.
Like a fire it will soon be beyond control.

You will get the alarm in time—
Backache, or dizziness or disorders of the urine.

Heed the warning.
Give your kidneys a rest by living more carefully.

Use Doan's Kidney Pills to help stamp out the cause.

Profit by a Norway woman's experience.

Mrs. Myrtle Payne, Hazen St., Norway, says: "A few years ago I was having pains across my back and kidneys. They annoyed me very much and on stooping or lifting I felt them more. I found Doan's Kidney Pills very good for this trouble. As I used them, the pains gradually lessened. Soon I was practically free from the trouble. I feel that Doan's Kidney Pills are entirely worthy of my recommendation."

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is catarrh. Catarrh being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Catarrh Medicine is taken internally and acts through the blood on the mucous surfaces of the system thereby destroying the foundation of the disease, giving the patient strength by business, and restoring and assisting nature in doing its work. The proprietors have so much faith in the curative powers of Hall's Catarrh Medicine that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

TO THOSE WHO WOULD NAME A PERSONAL FRIEND AS EXECUTOR AND TRUSTEE

Often it is desired to keep an estate under the supervision of a friend or member of the family, and yet avoid the dangers of individual trusteeship, such as illness, death or other circumstances that may impair the estate.

This may easily be accomplished by naming The Norway National Bank as co-executor and co-trustee.

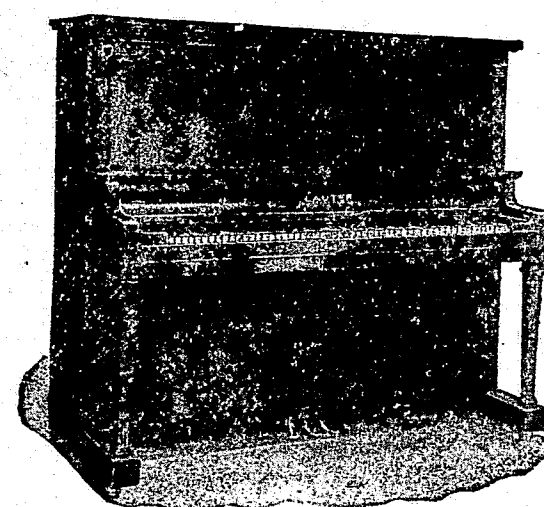

Such a precaution is particularly advisable when a wife or other woman relative is to be executrix and trustee, because the Bank can relieve her entirely of the heavy responsibilities and arduous details.

If you appoint this Bank as executor and trustee, the cost will be no greater than if you appoint an individual.

WHY A PIANO?

We are HAPPIEST when our lives are FULLY ROUNDED OUT by the proper experiences, and if we don't include ART in those experiences, we have missed the combination. MUSIC is just as much needed in our home—in ANY home—as different foods are at a meal. We can't get along on bread alone, or meat alone, or anything else by itself. And we can't say that we have lived up to our full measure without music. The PIANO is an essential in your home—because its results is an important part of Happiness. NORWAY AND VICINITY.

TWELFTH JUNIOR EXHIBITION

The Junior Exhibition was held on the evening of Patriots Day at the Norway Opera House and drew an unusually large audience, the house being filled. Only a few scattering seats remained unsold.

The exhibition was an unusually attractive affair and proved far more pleasing than the evenings of recitation by the class as had been arranged in former years.

This year's program was in the form of a holiday Carnival with a demonstration of each of the holidays in either song, dance, prose or verse, each in costume, which made a very pretty effect. The scene was in fairyland and the Carnival took place before Titania, queen of fairyland, Doris Longley, the maid of honor was Florence Harriman, the ladies in waiting were Mildred Noyes, Bessie Pottle, Eloise Hunt and Elizabeth Bartlett. All were seated by the queen near her throne of blue and gold. Backs gowned in gaudy attire becoming their station. The heralds were N. Allie Noble and Arthur Descoteau, the pages, Albert LaFrance and Bradlee Willis.

The new year was ushered in by New Year's Day, Little Dorothy Cummings, taking the part, presenting the new year to the fairy queen.

January was represented by Jack Frost in the person of Percy Nevers in a suit of white with his frost pail and brush. As the frost sprites, Dorothy Anderson, Alice Perry, Dorothy Cummings, Gary Locke, Frank Stanly and Haskell Leeper sang, Jack Frost played pranks while the little folks acted out his chilling designs.

February was represented by a minuet by Virginia Mixer, Esther Pike, Ruth Akers, Doris Brooks, Hugh Pendexter, Leslie Gibson, Otis Jones and Mlle. McAllister, in colonial costumes, representative of Washington's time. The minuet was nicely presented and bore an air of "Ye Olden Days".

For the month of March appeared two minstrels, Lloyd Fletcher and Roland McCormack in suits of green and to the tune of the Irish Washwoman came Marguerite Frost tripping across the stage who very gracefully gave the Irish jig in jig time. She was warmly applauded and obliged to return for an encore.

April came in the form of a fancy box. This was placed on the stage and suddenly the paper top opened and out hopped the contents, Otis Jones in a suit of red with a hood and horns and presented himself to the fairy queen as the April fool.

The High school chorus sang "The Spirit of Spring" in a pleasing manner. Each was gowned in white with sashes and streamers of dainty colors. The chorus was composed of Doris Merrill, Jessie Everett, Bertha Sessions, Marion Noble, Myra Noble, Ruth Smith, Marion Furrington, Mattie Dudley, Virginia Mixer, Doris Brooks, Muriel McKee, Gertrude Dunn, Ethna Noble, Rose Noble, Erna Henley, Verna Westleigh, Arthur Descoteau, David Klein, Philip Noble, Allie Noble and Bradlee Willis.

May was represented by the crowning of the May queen, Ida Merrill, with attendants, Elsie Heath and Ernestine Maxim. The crowning took place under a white arch with pink and white flowers. The May queen was gowned in pink. Olive Stone gave the reading June for the June carnival with the May parties in the back ground. She was gowned in pink and white and carried a basket of flowers.

The Fourth of July was evident by the presence of two huge fire crackers that exploded immediately upon leaving the stage. These were John Sanborn and Donald Wood. The fire dance was done by Adeline DeCoster and as her outer wrap was removed she appeared as the Goddess of Liberty, while the chorus sang "America the Beautiful". Much credit was due Miss DeCoster in the carrying out of her part on account of previous meeting with an accident the day before by falling down stairs and was badly bruised, but she took her part in spite of her afflictions in a praiseworthy manner.

Campfire Girls took the month of August. The stage was dimmed, a bonfire started and a group of campfire girls circled the fire and sang a campfire song with motions. These were Esther Pike, Elva Perry, Elizabeth Klein, Ruth Libby, Elsie Smith, Marion Welch, Dorothy Thomas, Louise Thomas, Alice Bartlett and Madeline Hayden and were dressed in long brown flowing gowns. Elva Perry read "The Meaning of the Camp Fire".

Ruth Akers dressed in brown very sweetly sang the solo entitled, "Goodbye Summer" for September.

October was allotted the Witches Dance, which took place under the dimmed green lights. Here the witches reigned, gowned in black flowing frocks with picked hats and broomstick in hand, wildly danced around the bonfire. The witches were Elsie Heath, Jessie Everett, Bertha Sessions, Marietta Nichols, Olive Stone, Marguerite Frost, Mrs. Jeanette Pratt, with Elizabeth Klein accompanist.

November was expressed by the Pilgrim maidens dressed in black with white collars and cuffs and white dutchess caps. These maidens were Frances Moore, Elva Bicknell, Annie Lemieux, Helen Edgerly, Helen Dulles, Ruth Crockett, Ida Lapham and sang a Thanksgiving song which caused a loud applause. The high school chorus also sang a Pilgrim Chorus.

The month of December was represented by "Santa Claus" with a group of the pilgrim maidens about him who were interested in the good things in his pack. Marietta Nichols read "Oh Little Town of Bethlehem" and the chorus rendered "Holy Night".

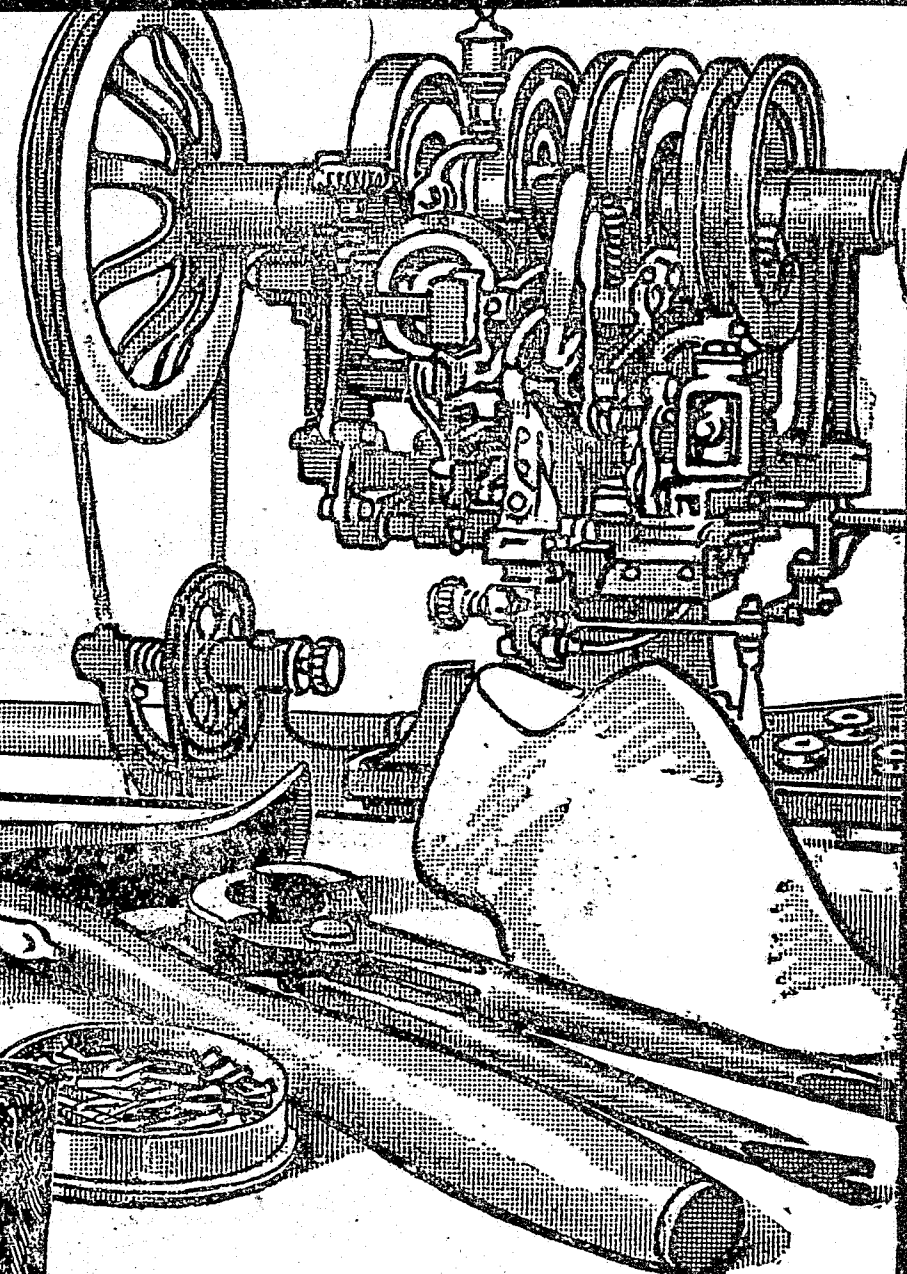

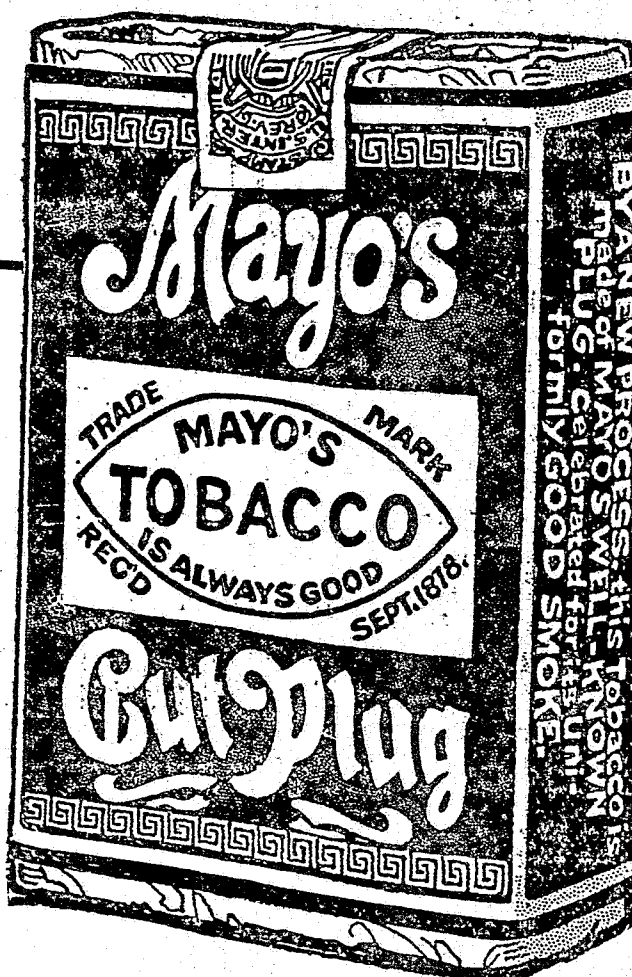

The last to come was "Father Time" with his scythe and the farewell song, "America was then sang while Bertha Sessions gave a graceful motion accompaniment with Old Glory, Azola Pike was the accompanist.

The success of the Junior Exhibition was due to the untiring work of Elizabeth McCormack and Florence Rideout, who had the program in charge. They not only had charge of it, but arranged the program, selecting the different parts and weaving them together into "Ye Holiday Carnival". There were about 80 in the program and all who had a part in it worked diligently to bring about the success of the Carnival.

PATRIOTIC BALL HUGE SUCCESS

Seven hundred people were royally entertained at the Carroll, Jellerson Co's. factory, Wednesday evening, April 18, when the local shoe workers led by the manager, Lawrence M. Carroll and his department superintendents offered one of the greatest social successes for the year. This was a war benefit, therefore everybody danced to excellent music furnished by a fourteen piece orchestra.

The ball was held in a handsome setting on the top floor. Benches and racks had been moved away, giving a large floor space. Patriotic decorations were everywhere. Flags, bunting, streamers from ceiling to walls and tri-colored crepe paper trimming about the posts, all brilliantly lighted gave a handsome setting.

Walter S. Stearns gathered a volunteer orchestra of fourteen pieces from Norway and South Paris that occupied a platform midway on one side of the room. The music was first class and encores given repeatedly after each dance, proving the quality was satisfactory. This team included violins, W. S. Stearns, Grace Dean, Geo. Davie, Harold Moore, Roland McCormack and Shirley Milliken; cornets, Frank P. Knapp and Allie Cote; trombone, James E. Mason; clarinet, Frank Kimball; string bass, Clarence L. DeCoster; piano, Ruth Cummings and Harold Anderson; trap drums, George Soper.

At 8 o'clock the orchestra gave a patriotic concert number. L. M. Carroll in introductory remarks explained the object of the gathering, stating the committee needed money and his methods were always along easy lines. He believed the big crowd assembled would prove his idea that it pays to draw small sums from large numbers while in closing, he introduced Col. Albert J. Stearns, chairman of the Oxford County Public Safety Committee, who briefly outlined the present crisis, impressing upon all the seriousness of the situation. The importance of agriculture in its relation to domestic and foreign economic life was made the key note of the short, pithy address.

Walter L. Gray, Esq. of South Paris explained the giving up of public exercises Patriots Day and offered suggestions about raising winter food. F. R. Seavey, chairman of the Norway Committee on Agriculture and Home Gardening, reiterated the fact that everybody must plant this spring if only for their own use. Prof. George A. Yeaton is intensely interested in our country's agricultural welfare. He explained how near the eastern states are to a grain and flour famine, prevalent, a hostile fleet divided the country along the Mississippi and Missouri rivers. He demanded that all plant sensibly, selecting vegetables that can be carried through the winter and not strictly summer varieties.

Lieut. Ralph W. Wilson, O. A. C. from Fort Warren, Boston, Mass., who was here recruiting Company D, urged upon all eligible young men to volunteer before it might be necessary for the U. S. to use more strenuous methods. Both Norway and Paris had done well, but he noticed many on the streets not enlisted, who would probably pass and make excellent soldiers. He mentioned things that might be sent to the soldiers when they are settled. Cake and pies were blacklisted, but homemade candy would be allowed. The speaker recommended a

money gift which could be forwarded at slight cost to the commanding officer and used as directed if not contrary to orders.

Manager Carroll closed the speech, making a suggestion to his employees that they form in groups and do co-operative farming. Land has been freely offered by several public spirited citizens, so if there are workers in the factory who are not financially able to buy seed and fertilizer, he will furnish the means so that this unfortunate condition may not interfere with anyone doing his bit. The Star Spangled Banner with orchestra and audience closed the program.

Dancing followed and went gaily on until midnight. Conventionality was thrown aside and more than two hundred couples thoroughly enjoyed a long order of modern dances with older forms mixed in. Boys from Company D dressed in khaki attended and joined in this patriotic display.

In the stitching room beyond, a reception and refreshment hall had been arranged by the employees of the room. Small tables occupied the floor space, where cards were enjoyed and ice cream and cake served. Mrs. Nellie McCormack had a corps of able assistants dressed in white with red, white and blue turbans, who presided over a large patronage. Patriotic decorations were conspicuous in this department, being the work of the foreman, Tom Raymond and his operatives. More than forty dollars were realized from this department.

Mrs. Annie Meader, Mrs. Sadie Waters, Mrs. Belle Shackley, Mrs. Mary Reavey, Mrs. Jennie Keniston, Fannie Hay and May Fernald served from the long refreshment table. The small party tables were cared for by Rubie Bethel, Kate Ward, Alta Hall, Alice Maxim, Ethelyn Lasselle, Marion McKean, Katie Gregg and Mrs. Gladys Rich. Ushers did creditable work escorting guests not familiar with the factory, they were Mrs. Mildred True, Blanch Scribner, May Clay, Gladys Spiller, Mary Ledger and Annie Belevin Beatrice Reed and Mrs. Flora Hosmer were check girls and Mrs. Stella Sweet, cashier.

Mrs. Elizabeth Andrews, who has been spending several weeks in Massachusetts and her daughter, Nellie Andrews, who has been at Mount Clemens, Michigan, for treatment, have returned home and Miss Andrews' health is greatly improved.

Robert T. Berry, a brother of Mrs. Ernest B. Jackson, has enlisted in the navy and has been sent to Bridgeport, Conn.

Mrs. Edward G. Burnell has been entertaining her cousin, Mrs. Eva Blake of Brockton, Mass. Mrs. Annie Barrows of Auburn was also a guest in the family.

EAST HEBRON.

At Patron's Sunday at the R. B. church, a good number attended. The sermon by Miss Lillian Leathers was in keeping with Patriots week and urged those on the farms to do their part in the present food crisis.

Mrs. Ralph Ramsdell is recovering from her recent illness.

George Bradbury will enter the hospital for treatment soon.

L. G. Perry and D. B. Perry were in Lewiston on business Tuesday. Earl Skillings, who has been working at Rumford, left Friday for Bangor to join the Bangor Machine Gun Co., to which he has been transferred.

MINOT MAN WAS HUNGRY BUT HE COULD NOT EAT

Tells Here How He Got Quick Relief From Stomach Trouble.

Stomach trouble is the great American disease. Countless thousands of cases of neglected stomach trouble have led to general breakdowns. A typical case of stomach trouble and an easy way to win relief was described not long ago at the Babcock drug store, Lewiston, by H. N. Verill of Minot, Me.

"I suffered so badly from stomach trouble that I could not sleep nights," Mr. Verill said. "After meals, even though I ate lightly, gas would form because my food soured and fermented instead of digesting. I was annoyed by belching and a feeling of fullness."

"My stomach finally got very painful on account of the gas. I did not dare to eat much—in fact, I could not, as the gas seemed to fill my stomach up almost at once. I would feel hungry but at the same time I could not eat because I would feel all stuffed up after the first few bites."

"I finally began to pay attention to Tanlac and that is how I got my relief. That I am glad to tell about because there must be thousands of people here who suffer like I did and don't know just what to do. Tanlac toned up my stomach, made my food digest, ended the gas and so stopped my trouble."

"Tanlac is designed to check stomach trouble before it gets serious," said the Tanlac Man. "It is a reconstructive tonic, appetizer, invigorant and system purifier designed to tone up ailing stomachs, bring about real digestion and so build strength through blood and tissue."

Tanlac now is being specially introduced in Norway at F. P. Stone's drug store. There is a Tanlac agent in every Maine town. Nearby Tanlac agents are South Paris, C. H. Howard; Harrison, Eugene Tenney; Bridgton, F. E. Stevens; Waterford, L. R. Rounds; East Waterford, R. B. Pinkham; West Paris, S. T. White.

Norway and Vicinity. (Continued from page 1) TRUMAN LOST AFTER HARD BATTLE

Homer Truman of Norway, the Maine champion, lost in a hard fought battle to Ray Sherburn of St. Johnsbury, Vt. on straight falls in Norway Opera House Wednesday evening, April 25, before one of the largest crowds of the season. John Aspinall of West Paris, the strong Swede, put Cyclone Gregg out of business, making it two straight in the semi-final, while Mike Nadir and Kid Paine, both local chaps, finished in a draw after two bouts were staged.

The show opened with Wilfred Pelouquin of Berlin, N. H., as referee. Nadir at 117 pounds and Albert Paine at 107 started things in the preliminary when they came together for their second meeting on the mat. Both showed great improvement over their last appearance and there wasn't a nicker's difference in style or ability. Nadir had the best but Kid Paine carried the ginger. Each fell into bad holes and broke away cleanly. Two bouts were allowed, one a 35 minute struggle and the other 10 minutes without a decision.

In the semi-final John Aspinall at 143 passed two falls over Cyclone Gregg at 140, winning the first in 5 min., 45 sec., the second in 7 min., 24 sec. Every hold went but the struggle. Holding off was the opening game with Gregg playing fast to hold up the reputation of his name. Both showed strength and Aspinall, looking the better, was better trained and had a tremendous hug in a clinch. Aspinall really won his first bout before the fall when he made the initial break and secured a low hold that resulted in sending Cyclone to the carpet. A half Nelson and body scissors followed this move, giving John the first decision. In the second bout Aspinall came up stronger, pushing matters briskly, thus keeping Gregg light footed. Both hugged the ropes, and several near falls on Gregg were averted by this splendid alibi. A hammerlock and body scissors gave Aspinall the second fall and match.

The main bout was a corker from every angle. Truman at 163 against Sherburn, weighing 166 offered the local fans the best matched show given in town. Both wrestlers had trained hard for this event and entered the ropes feeling keen. Both were confident and got together for business. Neck holds opened both sessions, neither allowing any lower advantage. Action was slow during the first 5 minutes until Sherburn suddenly started a forced put and secured a leg grip. This sent both to their knees with Homer underneath. The Vermont's strong grip gathered the Norway man in and he was unable to get up. The referee, applying the croch and cradle hold, Sherburn forced his man flat, time 6 min., 10 sec.

In the second bout Truman opened the drafts early and had steam up quickly. He hustled business along and showed great form, the last real training being greatly to his advantage. Enthusiasm was unbounded at times and the crowd were lifted into the air during the many thrilling situations. Both wrestlers were given big hands at every clean get away. Rope playing came in on this match, giving each an even show. The last fall came after a whirlwind exhibition of strength by both men. Truman being forced to his knees, his opponent got him into the same croch and cradle hold that finished the show, time 1 hour, 39 min. Individual opinions vary as usual concerning the merits of the case. All concede that both men are strong, fast, skillful and gritty, but when the better man is picked the difference of opinion is pronounced.

Wilfred Pelouquin and his wrestling partner, Kid Neper both of Berlin, N. H., gave a ten minute exhibition of fast scientific mat work. The many different holds were demonstrated, followed by a fine show of real stuff that drew long applause. This Pelouquin has challenged Kid Boldue, who claims the New England Lightweight Championship, but no match can be arranged. These boys are strong in Norway and a show featuring the pair would draw a large crowd.

A large number of Lewiston sports were at the ring side and a number from Bryant Pond came down on a hand car. Waterford, Oxford and South Paris sent in their share, showing that wrestling as a drawing card and attractive sport has been placed on firm legs by the promoters. L. M. Carroll and Tom Raymond. Company D attended in a body and enjoyed the show greatly. They were the guests of the management.
